**KINKY HAIR**

Don't let your hair be like this. You really can't straighten your hair until it's like this. That's what EXELENTO does. It removes the curl, and makes the hair grow long, soft and shiny. After using a few times you can tell the difference, and when a little while it will be as straight and long as you can get it up to suit you. If you don't do as we claim, we will give you money back. Write for sample of EXELENTO. AGENTS WANTED EVERYWHERE. Write for sample.

Goats' Milk Popular.

Canned goats' milk is finding an increasing market all over the world, and is said to be a profitable industry. In the course of the year the goat will produce twelve times its weight in milk, while a cow will yield only three times its weight, but the goat is not so reliable as an all-year-round source of supply. Goats' milk is very rich, and is in demand as a food for invalids and many children, and the goat is said further to be free from tuberculosis.

Minor Scales.

There are two forms of the minor scale, viz., the melodic and harmonic. The former is sometimes called the vocal minor scale, because it is easier to sing than the harmonic. The latter has an augmented second between the sixth and seventh degree, and this is difficult to sing until one has acquired a certain degree of proficiency. The harmonic minor scale is more used in instrumental than in vocal music.

Call for Pity.

There are people who go about the world looking out for slights; and they are necessarily miserable, for they find them at every turn, especially the imaginary ones. One has the same pity for such men as for the very poor. They are the morally illiterate. They have had no real education, for they have never learned how to live.
